Hi John,

I incorporated the final edits from Juan and placed the document on your chair last week for signature. If possible, I would like to have all signatures on the bill completed this week, since most of us will not be in the office next week.

Please let me know the status of the bill or if you have any remaining questions.

Thanks,

Tanya

This is the final version of the billing package (with my “changes accepted” to the letter/narrative), giving new file names (in accordance with the new oversight bill file naming convention) to the billing letter & narrative, the SCORPIO\$ report, and the Bill for Collection. This is the file name to use when saving the final version of the letter/narrative to the G drive subsequent to the bill package having been sent (G:\ERRDDIV-NY\Bills For Collection\MS Word version of Bills mailed).

Contact me with any questions.
